

Create your own stunning entrance

Create your own door interactively using the *Novatech Design Centre*. Upload a photo of your house to view different door and window styles in your entryway and choose the configuration that's right for you. Have fun matching your home to one of the four architectural styles proposed by Novatech: opt for a proven, enduring architectural style like Timeless, Contemporary or Natural or flirt with the refreshing, trendier looks of the Eclectic style. The *Novatech Design Centre* is great tool for homing in on your needs and adding value to your investment.

Entry Doors

The new Shaker Collection is characterized by spare lines and pure shapes. In this style, simplicity reigns, the superfluous is banished, and an object's function takes precedence over its decorative appeal. This collection is therefore designed to offer refreshingly simple models that pair manufacturing excellence with a high regard for proportion, balance and harmony.

The Design Collection was born out of the marriage between modern and original styles. With its sleek lines, this Collection places the focus squarely on the harmony of its shapes. Its steel doors feature sculptural forms and unique bas-relief designs that are well suited to contemporary architecture. The models of the Design Collection are both a mirror of our times and a window on the future.

The Prestige Collection is marked by elegance and refinement. With their sculptural workings and Georgian profile, Prestige steel doors lend an appearance of refined luxury. For an added effect of warmth, opt for a Prestige rich wood-grain fiberglass door. Built to recreate the authenticity of wood doors right down to the last detail, these doors produce a look that is both genuine and sumptuous.

Doorglass

The Contemporary style features a modern style that combines comfort and simplicity. By placing a high premium on sleek, straight lines, the models reflect a desire to optimize space and let in the light. Sober yet daring, the design of these models makes way for the essential by discarding the superfluous. Opting for the contemporary look means opening the door to the future by focusing on simplicity.

The originality of the Eclectic style results from a harmonious blend of borrowed elements from a mix of eras. In this free composition, each artistic and architectural style is explored and analysed to unearth its best elements. The vintage quality of these models is the result of careful choices. Perfectly proportioned, the Eclectic style is a fresh, modern take on the retro and traditional looks.

Q470

Some Suggestions to Guide You in Your Selection!

The entry system is a place of passage, an invitation into your home. The configuration of your entrance brings a personal touch to your residence. Taking the time to carefully select the products you love will make coming home that much better.

Novatech presents three entrance styles to help guide you:

①

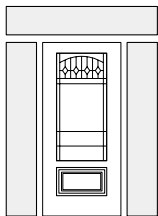

Chic

Affirmed Beauty

Choose an eye-catching grandiose entrance. A stained glass doorglass paired with its matching sidelites and transom will illuminate your home. This **Chic** high-end entrance will add beauty and value to your property.

②

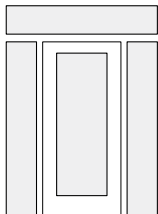

Pure Chic

Up-to-date Elegance

Make a focal point of your doorglass by pairing it with textured glass sidelites and transom. This **Pure Chic** combination is a refreshing style in perfect harmony with today's architectural and décor trends of simplicity and clean lines.

③

Pure

Outright Simplicity

A minimalist approach geared for comfort and the creation of a luminous space without compromise. Multiple textured glass options are available, depending on the level of privacy desired. A **Pure** entrance will add a touch of elegance and contribute to the architectural balance of your home.

Well Framed!

N

New

Contemporary Profile

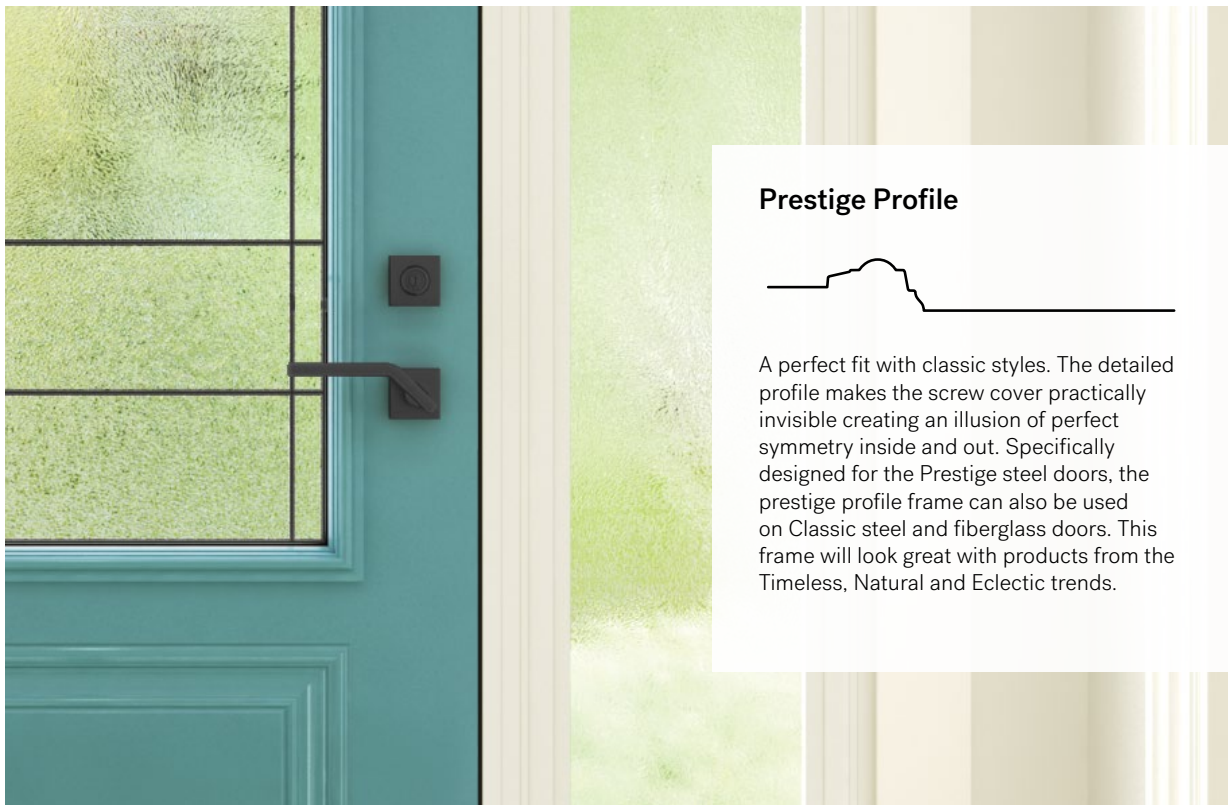

With its clean profile, this frame is the ideal choice for doors with multiple cut-outs, such as the UNO configurations (see p.19). The profile, which looks the same inside and out, brings the focus on your doorglass selection. This frame matches perfectly with our Shaker and Design steel doors, to be used in the Contemporary, Eclectic or Natural trends.

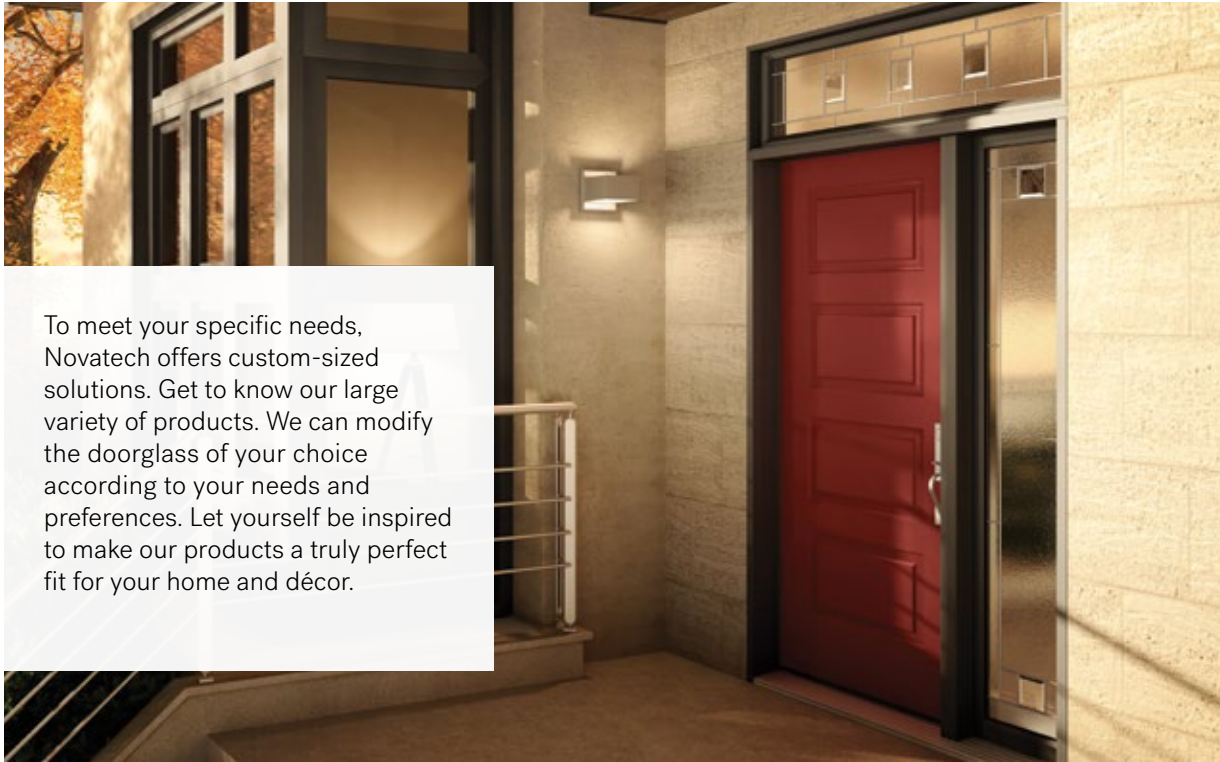

Prestige Profile

A perfect fit with classic styles. The detailed profile makes the screw cover practically invisible creating an illusion of perfect symmetry inside and out. Specifically designed for the Prestige steel doors, the prestige profile frame can also be used on Classic steel and fiberglass doors. This frame will look great with products from the Timeless, Natural and Eclectic trends.

A Made-To-Measure Entry

To meet your specific needs, Novatech offers custom-sized solutions. Get to know our large variety of products. We can modify the doorglass of your choice according to your needs and preferences. Let yourself be inspired to make our products a truly perfect fit for your home and décor.

Modify our Stained Glass

Choose a Different Caming

Zinc

Brass

Patina

Flat Patina

Non-perforated aluminum insert
(exclusive to the Barcello, Tandem and Nassau stained glass)

Change Textured Glass

Improve the privacy of a stained glass design or add your personal touch by changing one or more of its textured glass panes. See our selection of textured glass on page 89.

Custom Sizes

Many of our stained glass products are scalable to the specific dimensions of your project. We can create a unique doorglass, sidelite, or transom from the product of your choice.

Modify our V-Groove Designs

If privacy is not a concern, our V-Groove glass designs can be cut into clear glass. Modify the cuts themselves by choosing between translucent polished cuts or opaque unpolished cuts. Custom sizes available.

All PVC Patio Door System

301

301 Patio door, p.96

301

Absolute refinement – A sure value

PVC frame – Welded PVC panels

Versatile and efficient, the 301 patio door is ideal for renovation and construction projects for your home, condo or apartment building. Its minimalist frame and large window surface provides unobstructed views and places your garden front and centre. This model has a high degree of protection against water infiltration, making it well-suited to residences located near water. Its all-PVC construction makes it easy to clean and its system of rollers maximizes smooth, easy operation. Enhance your privacy by adding integrated mini-blinds in white or satin grey.

Hurricane protection with maximum light and contemporary look

PVC frame – Welded PVC panels

Proven to stand up to the worst weather, including hurricanes, the 310 patio door will connect you to your garden while strengthening your peace of mind. It is the ideal way to protect you and yours without compromising the contemporary look of your home. Tandem rollers maximize smooth, easy operation for the benefit of you and your children, while the all-PVC construction and stainless steel hardware make for minimal maintenance.

Only available in Cream White color.

370

The large panels evoke the charm of garden doors

PVC frame - Mechanically assembled PVC panels

With its wide panels, the 370 patio door has the refined look and finish of French doors. Whether you live in the city or the country, adding grills will give your décor a touch of country charm. This model is designed with transoms and sidelights integrated directly into the frame, thus eliminating air and water infiltration. Thanks to its all-PVC, maintenance-free construction, you no longer have to invest a lot of time and energy to enjoy the benefits of a patio door. Tandem rollers ensure smooth, easy operation. Complement your patio door with white integrated mini-blinds.

Only available in Cream White color.
